

# BOURNE COMMUNITY COLLEGE CELEBRATES LAUNCH OF

## BOURNE INTERNATIONAL COMMUNITY CENTRE

The Bourne International Community Centre started with a vision to upgrade a room in the Barnes Building into a modern International Community Centre. Since then, the Headteacher, Mrs Margaret Eva, the Chair of Governors, Mr John Southgate, and the Business Manager, Mr Patrick Moore, have worked tirelessly to ensure funding has been in place for the necessary building works and refurbishment programmes to take place.

The new centre is now being completely refurbished, with new lighting, windows and paintwork. The room is being equipped with a new hi-tech computer suite and state of the art video conferencing equipment, which will offer opportunities for our students to learn a variety of languages and communicate with new friends across the world. The Bourne International Community Centre will provide opportunities for our local

Primary Schools to practice new languages and receive tuition from our specialist Languages and English staff.

We will also be offering our services to the business community, offering modern conferencing facilities which are suitable for meetings and presentations. Our facilities are versatile and spacious and our rates are very competitive. For any more information, or to book an event please contact us.

The new Centre will be open for business in September, when our vision to become a centre of excellence for Bourne students, primary school students, adult learners, businesses and the local community can become a reality.

Mrs L Daughtrey, BICC Centre Manager
