Welcome to Bourne Community College

Welcome to the Bourne Community College and to our unique school, located on the south coast of England between the historical city of Chichester and the surrounding villages of West Sussex.

As Head, I am delighted to be leading the school into an exciting future, with an inspirational team of staff and a dedicated Governing body.

We look forward to getting to know your children and most importantly working closely with you as parents and carers, to enable our students to make the best of the many and varied wonderful opportunities that the school offers.

We have the distinct advantage as a successful school, of offering only 150 student places in each year

group. This leads to a strong sense of community and allows us to cater for each of our students as individuals.

We are very proud of the strong international partnerships which have been developed over the last ten years. They enrich our students in so many ways and give them a real insight into the lives of other young people and cultures around the world and enable them to communicate in a variety of different ways.

Our aim is to fully prepare our students for life beyond school and to ensure their success, during this crucial stage of their learning journey. We work hard to ensure they all make outstanding progress, academically and personally, to build on their self-confidence and self-belief

and to develop their gifts and talents to the full. We want them to leave us in five years' time, as responsible, happy young citizens, equipped and confident to thrive and contribute to the world beyond the Bourne Community College.

We are very proud of our students and their successes and welcome visits, so you can really see for yourselves what a unique school we are.

Yvonne Watkins
Headteacher

About our school

Bourne Community College is an 11-16 state maintained comprehensive school with Trust School status. The Trust which supports the school comprises Chichester University, Chichester College, Chichester District Council, Thorney Island Military Base and the New Life Community Church. Being a Trust School places us in the enviable position of maintaining a close partnership with West Sussex Local Authority whilst being able to have almost complete autonomy to source goods and services which best serve the needs of our students.

Teaching and Learning

At Bourne Community College our curriculum is stimulating and diverse. It is designed to be personalised, offering a challenge to all abilities, stretching the minds of the most able to become enquiring and independent thinkers and offering support to those who find their studies more difficult. Our focus is to challenge all students to reach or exceed their full potential.

Beyond the classroom

We are very proud of the rich diet of extra-curricular activities we offer at Bourne Community College. Along with the many sporting clubs and teams, we have a strong focus on music, community art projects, performing arts and productions. We offer STEM challenges in Science, Design & Technology and Prose & Poetry competitions.

Our outward looking ethos creates strong exchanges between our American and European partner schools, Duke of Edinburgh Award expeditions and a range of outdoor activities including our ski trips and a volunteer programme to Africa.
